Thank you for your order!

EXO RIFLE/SHOTGUN COATING PROGRAM

We will coat your new or used BCG, AK Component, Semi Auto Shotgun Bolt with our patented EXO Nickel Boron process. EXO is an extremely hard finish with a very low coefficient of friction. EXO is durable and guaranteed not to flake, chip or wear off for as long as you own the weapon. To order, enclose completed order form with your slide and/or barrel and ship to us at address listed below.

Program Details:

- We will coat just about any BCG that FailZero does not offer as a FZ BCG product.
- We can coat all Left-Hand BCG's, most Piston BCG's, AR10/.308 (Armalite only, no DPMS style).
- We will coat the carrier assembly, bolt, extractor, and cam pin (not the firing pin).
- We can also coat most AK and S/A Shotgun parts (not Pump SG's)!
- Note: We will not remove the gas key and acceptance is subject to incoming inspection.
- Acceptance subject to incoming inspection. If we feel we cannot perform the work due to the state of the material, we will contact you and inform you of the issues and reasoning.

Price and Turnaround:

- \$150 per BCG component group. Price includes disassembly and reassembly of the BCG.
- Price includes free domestic return shipping FOB Palm City, FL via USPS.
- Turnaround time is 14-21 business days or less from date of receipt.

Benefits:

- Increased corrosion resistance
- Increased wear resistance
- Increased lubricity

Liability Disclaimer: "UCT guarantees the performance of our coating but does NOT assume any additional liability in terms of the function of the components or of the weapon itself."

***Note: Additional shipping charges may apply to shipments outside the Continental United States.*
